

NOTICE OF CONSTRUCTION

Southern California Edison Project in Your Area: Underground Vault Replacement

About the Project

Southern California Edison (SCE) will be replacing an underground vault in La Canada-Flintridge. Over time, every part of SCE's electric grid infrastructure will need to be replaced. Continual inspection and replacement of every grid component, such as underground vaults, is crucial to maintaining a reliable electric distribution system.

Construction Period

April 21, 2014 – June 6, 2014

Monday through Friday from **7:00 a.m. to 4:00 p.m.** Night work 9:00 p.m. to 5:00 a.m.

(some night work will be scheduled due to lane closures; schedule may change depending on weather and other factors)

What to Expect

There will be temporary lane closures on Oakwood Ave and Foothill Blvd, including a sidewalk closure for the eastside of Oakwood Ave north of Foothill Blvd. (yellow highlighted area).

SCE understands that construction may be inconvenient to local residents and businesses. We greatly appreciate your patience as we move to complete construction as quickly and safely as possible.
