13. Comments from the Commission.

Commissioner Olson asked for a status update regarding the Cherry Canyon Trail project and the Johnson property.

Senior Management Analyst Parseghian stated he met with the City's new Trails Coordinator/Management Analyst Greg Kwolek and finalized the signs. He stated he will follow up with him on both items.

Commissioner Kamar asked about repainting the Cornishon Tennis Court walls.

Senior Management Analyst Parseghian stated the resurfacing and improvements of the Cornishon Tennis Courts is a future Capital Improvement Project. He stated, last year the staff applied for a competitive grant without success for this project. He also stated the walls are on a list of project for Scouts to perform. The City is routinely approached by Scouts on regular bases for community projects. Due to the simplistic nature of the project, it is a great project for the Scouts to perform. He stated there is already a potential interest by a Boy Scout to repaint the wall. He will follow up at a future meeting should there not be any interest from the Scouts.

Commissioner Koblin asked staff to look into the field regulation signage at FIS Lower and Upper Fields. He stated over the weekend unauthorized use of the FIS Fields had taken place despite the field closures. He stated the Sheriff's Department informed him that they would not enforce the closure unless the rules were displayed, a closure notice posted, and the gates at the fields were securely locked.

Senior Management Analyst Parseghian stated the Sheriff's Department should be enforcing the rules, including closures, as long as the regulations signage is posted at the entrances. He stated the posting of a closure notice and/or securing of the gate is not required for enforcement, given the access to the field hotline. Mr. Parseghian will follow up with the Sheriff's Department on their procedure and look into the missing signage.

ADJOURN

Chair Kambe adjourned the meeting at approximately 6:35 p.m.
